So, Damon, based on the feedback from Ana and Lisa it looks like the best days are 9/10, 12 or 19. Do any of those work for you?

Hi All.

So now that summer is winding down I wanted to see what dates would work best for a working meeting to set priorities related to the urban waters work on the Passaic. When we last spoke we tentatively agreed on early/mid-September. Therefore, please let me know if any of these dates would work for you (all in September):

4 or 5

10 or 12

17, 18 or 19

24, 25 or 26

If need be I could throw some Monday's in there, but most people in EPA seem to not be in the office on Monday's and Friday's. I was thinking I would hold this in EPA's NY office, but let me know if there are any alternatives that you'd like considered instead.

Thanks and I hope all is well! It looks like the Walk to the Water Celebration was a big hit, so congrats on that and on making the front page of the Times. You should be very proud of all you have done!

Take care,

Elizabeth
